

# Nocturnes: Poems Of Night

POETRY: *A Magazine of Verse*

## FOUR POEMS

### A NOCTURNE FOR OCTOBER 31ST

The night was faint and sheer;  
Immobile, road and dune.  
Then, for a moment, clear,  
A plane moved past the moon.

O spirit cool and frail,  
Hung in the lunar fire!  
Spun wire and brittle veil!  
And trembling slowly higher!

Pure in each proven line!  
The balance and the aim,  
Half empty, half divine!  
I saw how true you came.

Discovered from your cause,  
Your function was your goal.  
Oblivious of my laws,  
You made your calm patrol.

### A SUMMER COMMENTARY

When I was young, with sharper sense,  
The farthest insect cry I heard  
Could stay me; through the trees, intense,  
I watched the hunter and the bird.

[320]

nocturne A night scene. John Donne was the first English poet to employ the term nocturnal to designate a genre in A Nocturnal upon S. Lucy's.Nocturne ("When night falls ") By Max Wickert.
